media race relations women and social change science and it culture industrial relations the welfare state and political and economic issues in scotland wales and northern ireland

the complete history of global change from 1945 to the present day the world since 1945 has witnessed fundamental changes notably the increasing influence of the west particularly the usa in a variety of spheres the emergence and collapse of the ussr the end of colonial empire in asia and africa and the escalation of wars and other conflicts in the third world in this incisive survey t e vadney examines the key events without ever neglecting the underlying trends he explores therapid changes in the middle east the end of apartheid in south africa and the aims of american foreign policy he concludes with a new epilogue in which he examines the direction of post 1945 history as the world enters the twenty first century

this text provides an unparalleled social political and cultural history of germany from the end of the second world war to the contemporary moment as well as carefully balancing the histories of east and west germany peter c caldwell and karrin hanshew convincingly make the case for analysing the berlin republic as a serious and distinct historical period in its own right offering international context throughout caldwell and hanshew navigate students through the catastrophe of war genocide and the country s division to the new challenges facing the reunified germany in the 21st century there are key primary source excerpts integrated throughout the text as well as 50 images 10 maps several charts and tables and a detailed bibliography to further aid study the book is also supported by an updated online instructor s guide which focuses on how to use the book in teaching where to find the best collections of documents and images for teaching and models for the many different kinds of courses that might be taught using the book new content and features for the 2nd edition include a chapter on recent german history and expanded coverage of the post 1990 era enhanced material on topics including far right sympathies through the decades and west german foreign policy beyond europe additional images and maps an updated introduction online instructor s guide conclusion and historiographical updates throughout

a monumental and accessible global history of the second half of the twentieth century from the end of world war two to the terrorist attack on the twin towers offering readers the most complete portrait of the age available

the emergence of china as a dominant regional power with global influence is a significant phenomenon in the twenty first century its origin could be traced back to 1949 when the chinese communist party under mao zedong came to power and vowed to transform china and the world after the century of humiliation china was in constant search of a new identity on the world stage from alliance with the soviet union in the 1950s china normalized relations with america in the 1970s and embraced the global economy and the international community since the 1980s this book examines china s changing relations with the two superpowers asian neighbours third world countries and european

powers china and the world since 1945 offers an overview of china's involvement in the korean war the sino soviet split sino american rapprochement the end of the cold war and globalization it assess the roles of security ideology and domestic politics in chinese foreign policy and provides a synthesis of the latest archival based research on china's diplomatic history and cold war international history this engaging new study examines the rise of china from a long term historical perspective and will be essential to students of chinese history and contemporary international relations

a masterly synthesis of the history of the contemporary world *the world since 1945* offers the ideal introduction to the events of the period between the end of the second world war and the present day p m h bell and mark gilbert balance a clear narrative with in depth analysis to guide the reader through the aftermath of the second world war the cold war decolonization détente and the arab israeli conflict up to the on going ethnic strife and political instability of the 21st century the new edition has been thoroughly revised to fully reflect developments in the history and historiography of the post war world and features five new chapters on the post cold war world covering topics including the rise and fall of american hegemony the decline of europe the rise of asia political islam as a global force the role of human rights *the world since 1945* challenges us to better understand what happened and why in the post war period and shows the ways in which the past continues to exercise a profound influence on the present it is essential reading for any student of contemporary history

the life and chemical sciences are in the midst of a period of rapid and revolutionary transformation that will undoubtedly bring societal benefits but also have potentially malign applications notably in the development of chemical weapons such concerns are exacerbated by the unstable international security environment and the changing nature of armed conflict which could fuel a desire by certain states to retain and use existing chemical weapons as well as increase state interest in creating new weapons whilst a broader range of actors may seek to employ diverse toxic chemicals as improvised weapons stark indications of the multi faceted dangers we face can be seen in the chemical weapons attacks against civilians and combatants in iraq and syria and also in more targeted chemical assassination operations in malaysia and the uk using a multi disciplinary approach and drawing upon an international group of experts this book analyses current and likely near future advances in relevant science and technology assessing the risks of their misuse the book examines the current capabilities limitations and failures of the existing international arms control and disarmament architecture notably the chemical weapons convention in preventing the development and use of chemical weapons through the employment of a novel holistic arms control methodology the authors also look beyond the bounds of such treaties to explore the full range of international law international agreements and regulatory mechanisms potentially applicable to weapons employing toxic chemical agents in order to develop recommendations for more effective routes to combat their proliferation and misuse a particular emphasis is given to the roles that chemical and life scientists health professionals and wider informed activist civil society can play in protecting the prohibition against poison and chemical weapons and in working with states

to build effective and responsive measures to ensure that the rapid scientific and technological advances are safeguarded from hostile use and are instead employed for the benefit of us all

this brief book stresses the profound global transformation that has occurred since 1945 as a result of the collapse of the remaining great colonial empires and the emergence of nation states throughout the world its thematic emphasis makes clear as well the importance of the cold war in influencing the process by which these nation states sought to create new ideals and new institutions to insure order and justice within their boundaries and find places within the international community the book also links the new nation states in the middle east asia and africa with the ethnic conflicts local wars and terrorist movements that became increasingly prevalent toward the end of the twentieth and early twenty first centuries for a world historical perspective on contemporary civilization

this text brings home the waves of transformation that have washed across europe in the second half of the 20th century sketching out general patterns of this change and exploring some of the local themes and variations in parts of europe

the author of such classic works as *the republican roosevelt* *v was for victory* and *years of discord* john morton blum is one of a small group of intellectuals who for more than a quarter of a century dominated the writing of american political history writing now of his own career blum provides a behind the scenes look at ivy league education and political power from the 1940s to the 1980s blum insightfully recounts a long and distinguished journey that began at phillips academy where he first realized he could make a career of teaching and writing history he tells how young men were socialized to the values of the northeastern establishment in those years before world war ii and how as a non practicing jew he learned to overcome bigotry both at andover and at harvard which then had no jewish professors in 1957 blum joined the faculty of yale university s history department widely regarded as the nation s best where he became both influential and popular and where his students included one future u s president as well as others who aspired to the office he reveals much about the inner workings of ivy league education and tells of controversies over the vietnam war and the black panthers his role in eugene mccarthy s presidential campaign and how he searched for common ground between reactionary faculty and radical students more than a recounting of a singular life blum s story explains how political history was researched and written during the second half of the twentieth century describing how the discipline evolved gained ascendancy and was challenged as historical fashions changed it also offers revealing glimpses of such prominent academics as kingman brewster arthur schlesinger jr c vann woodward and william sloan coffin over a distinguished career blum witnessed considerable change in elite educational institutions where minorities and women were grossly underrepresented when he first entered

academia in a memoir brimming with insight and laced with humor he looks back at the academy not a refuge from reality but an alternative reality as he reflects upon his intellectual journey and his contributions to the study and writing of twentieth century american history

in the international economy since 1945 sidney pollard describes the most important global developments in economics during the last half century in this comprehensive history the author covers all geographical regions and considers the effects of the major countries on each other the international economy since 1945 analyses institutional issues such as monetary policy or the multinational company as well as worldwide issues the author considers the impact of policies on economic life and includes discussion of the threat to the environment caused by economic change advances in technology as they relate to growth fluctuations in standards of living in all parts of the world policies pursued and how they influence growth reactions of other nations to the plight of the third world the communist and far eastern economies the impact of world war ii on the global economy the international economy since 1945 debates the key issues of current global and national policy making and the effects of greater economic integration on inflation and employment

this is the fourth edition of geir lundestad s successful textbook on the history of international politics after 1945 which has established itself as one of the leading works on the international history of the post war era the book concentrates on two main lines of development on the one hand the rivalry between the superpowers and the effects of their power and influence even in the most remote corners of the globe and on the other hand the weakened position of the superpowers and the developments leading up to the dissolution of the soviet union and the eastern bloc this new edition covers international developments up to mid 1998 explaining the end of the cold war and describing the many post cold war crises as well as recent political and economic developments in russia the eu and east asia east west north south offers the ideal introduction to the subject for all students of modern history and international relations as well as the general reader with an interest in post war history and international affairs
