sleep is undoubtedly one of the most intricate and abstruse issues in humans disturbances of sleep are widespread and can have a great impact on involved individuals as well as an economic influence on society the covid 19 pandemic forced predominant changes in recent years such as the development of wearable devices and the internet of things iot in telehealth these are helpful for disease evaluation and treatment however they may not be adequate for dealing with the complexity of sleep medicine i believe that specialists in sleep medicine will accelerate increased public awareness of sleep disorders and facilitate the consolidation of sleep health into medical care in a responsible fashion including innovations in sleep medicine this book presents updated developments as well as future perspectives in sleep medicine it is a useful resource for persons involved in sleep medicine whether they are clinicians researchers or patients

the vast majority of the 100 000 or so children with serious mental or physical disabilities in britain today live at home with their families a series of in depth interviews carried out with a number of parents enabled the author to describe the extensive physical practical and emotional demands made on those looking after their disabled child at home in their own words parents report how and when they learnt about their child s disability the sheer physical work and mental effort of daily care which more often than not fall unremittingly on the child s mother the feelings of isolation and the lack of information which are often relieved only by talking with parents of other disabled children unshared care examines the community services available revealing that from the parents point of view the rhetoric of public concern is only barely matched by the practical support available it shows that services are all too often insufficiently specialized and lacking in coherence

the aim of this book is to enhance theoretical and practical understanding of quality management in tourism and hospitality it provides a benchmark of current knowledge and examines the range of research methods being applied to further develop tourism and hospitality service management research it is hoped that this book will stimulate new research questions by highlighting tensions and challenges in the area
