jefferson bass s cut to the bone the long awaited prequel to his new york times bestselling mystery series turns the clock back to reveal the body farm s creation and dr bill brockton s deadly duel with a serial killer in the summer of 1992 arkansas governor bill clinton and tennessee senator albert gore begin their long shot campaign to win the white house in the sweltering hills of knoxville at the university of tennessee dr bill brockton the bright ambitious young head of the anthropology department launches an unusual some would call it macabre research facility unlike any other in existence brockton is determined to revolutionize the study of forensics to help law enforcement better solve crime but his plans are derailed by a chilling murder that leaves the scientist reeling from a sense of déjà vu followed by another and then another bodies that bear eerie resemblances to cases from brockton s past but as the body count rises the victims fatal injuries grow more and more

distinctive a spiral of death that holds dark implications for Brockton and everyone he holds dear

There is a patch of ground in Tennessee dedicated to the science of death where human remains lie exposed to be studied for their secrets. The real-life scientist who founded the Body Farm has broken cold cases and revolutionized forensics and now he spins an astonishing tale inspired by his own experiences. Renowned anthropologist Dr. Bill Brockton has spent his career surrounded by death at the Body Farm. Now he's being called upon to help solve a baffling puzzle in a remote mountain community: the mummified corpse of a young woman dead for thirty years has been discovered in a cave. The body is bizarrely preserved and transformed by the environment's unique chemistry. But Brockton's investigation is threatening to open old wounds among an insular people who won't forget or forgive, and a long-buried secret prematurely exposed could inflame Brockton's own guilt and the dangerous hostility of bitter enemies determined to see him fail by any means necessary. With fascinating insider information on the Body Farm.

If you like Kathy Reichs, you'll like Jefferson Bass. The time a woman's charred body has been found inside a burned car atop a hill in Knoxville was this an accidental death or murder? Forensic anthropologist Bill Brockton is on the case, torching bodies to research how fire consumes flesh and bone. Days later he receives a mysterious package: a set of cremated remains that seems entirely unreal. As Dr. Brockton investigates, he uncovers a truth too horrifying to believe. Little does Dr. Brockton know that his research is about to collide with reality. Disgraced medical examiner and Dr. Brockton's nemesis, Garland Hamilton, has escaped from custody on the way to his trial, so begins a deadly game of cat and mouse with Dr. Brockton's life at stake. Finally running Hamilton to ground, Brockton finds only the incinerated remains of his enemy. Or does he?

Anthropologist Dr. Bill Brockton founded Tennessee's world-famous Body Farm, a small piece of land where corpses are left to decay in order to gain important forensic information. Now in the wake of a shocking crime in nearby Chattanooga, he's called upon by Jess Carter, the rising star of the state's medical examiners, to help her unravel a murderous puzzle. But after re-creating the death scene at the Body Farm, Brockton discovers his career, reputation, and life are in dire jeopardy when a second unexplained corpse appears in the grisly setting. Accused of a horrific crime, transformed overnight from a respected professor to a hated and feared pariah, Bill Brockton will need every ounce of his formidable forensic skills to escape the ingeniously woven net that's tightening around him and to prove the seemingly

impossible his own innocence
